

Saint Brigid Catholic School

Student Locker Policy

2016-17

Each student attending Saint Brigid Catholic School will be assigned a locker for his/her use throughout the school year. Listed below are basic guidelines that each student will be expected to follow:

1. While each student will have exclusive use of one locker, no locks are to be used in grades 1-5. Locks only on lockers for students in grades 6-8.
2. Students should not regularly leave items in their lockers overnight. Jackets, backpacks and books should be taken home each night. (During the winter months a pair of shoes or snow pants may be left for convenience.)
3. No stickers, magnets, taped items, etc. are to be placed on the exterior of the lockers. Students are expected to respect the privacy of other students and should never open another student's locker for any reason.
4. Saint Brigid Parish and School Staff do reserve the right to conduct locker inspections if the need should arise.

I, _____ understand the school locker guidelines as outlined above. I will help my child in understanding and following these guidelines throughout the school year.
